County tax, amount raised last year,	822 30
School money,	1,465 00
Electric light bonds and interest,	1,382 50
Water bonds sinking fund,	1,500 00
Local fund,	35 00
Library,	100 00
Demerritt fund,	4 00
Vincent “	1 21
	<hr/>
	\$6,698 01

NOTE.—The selectmen are of the opinion that \$200.00 will be sufficient to raise for up-keep of State Road, and in view of the fact that our ordinary town roads are in good condition, we would recommend that \$600.00 be raised for the south end, and \$800.00 for the north end.

There should be some permanent improvement made on Depot road, North Woodstock, and we would advise that the matter be considered at the coming March meeting.

The condition of our town debt is such that it will not be necessary to raise any money to apply on town debt, except as above stated, if the tax payers want a lower tax rate.

STATEMENT OF CEMETERY FUNDS HELD BY THE TOWN.

Demeritt cemetery funds,	\$100 00
Vincent " "	30 02

NOTE—It is next to an impossibility to avoid a large abatement list, similar to the one above, in consideration of the floating population caused by the presence of the Lumber Companies. Similar conditions will always prevail, just as long as the present law, which governs the poll tax by the rate per cent, is in force, as many poll tax payers are gone before the list can be given to the collector.

PUBLISHERS' PAPER CO. MATTER.

For a period of three years there has been carried on the town books a claim of \$485.25 against the Publishers' Paper Co., for work done by the town in repairing the road on the east side of the river at Woodstock Center, where the operations of said company had caused much damage.

In 1911, when the company run the lines in the town to determine just what land it owned, it was found that there was one range of lots short of what the town chart called for, and in consequence thereof the company had been paying taxes to the town of Woodstock on full lots of land when it should have been paying only on fractions of lots, as the following correspondence will show.

Incident to this discovery the company filed a claim of \$485.40 for taxes paid on the land in question, and also a claim of \$78.00 for error in a tax sale made by the town in selling one-half of Lot 12 in Range 3, to the company for taxes, when the land was owned by other parties, also a claim of \$15.00 for running the south line of Woodstock in 1911. The total claim filed by the company amounted to \$578.44, or \$93.19 more than the claim held by the town. The superintendent of the company met the selectmen and an agreement was entered into whereby it was agreed to pass receipts and balance the account, so there is no claims outstanding on either side at this settlement. We herewith submit the correspondence relating to the matter.

Woodstock, N. H., July 27, 1912.

Mr. L. S. Tainter, Vice President and Manager,

Publishers Paper Co.,

126 State St., Boston, Mass.

Dear Sir:—

I wish to again call your attention to the claim held

against The Publishers Paper Co., by the town of Woodstock for \$185.25, the nature of which you are acquainted with. We believe that it will be for the best interests of both parties to have the matter adjusted.

Respectfully,

E. E. WOODBURY,

Chairman Selectmen.

E. E. Woodbury, Chairman,

Woodstock, N. H.

Dear Sir:—

I have yours of the 27th ult., with enclosures as stated.

Enclosed herewith I hand you W. D. Baker's letter of July 29th which shows that we have paid taxes on lots 17, 18, 19, 20 and 21, Range 1, for a number of years as per statement. The amount that we have paid on these lots is just about the same amount as the town of Woodstock claims against us. How would it do to exchange receipts and clean the score?

Yours truly,

L. S. TAINTER,

Vice President.

Brattleboro, Vt., July 29, 1812.

L. S. Tainter, Esq.,

Care Publishers' Paper Co.,

126 State street,

Boston, Mass.

Dear Mr. Tainter:

I have obtained from the town clerk of Woodstock, copies of the taxes assessed and paid by us on lots number 17, 18, 19, 20 and 21, in Range 1 in said town, and have computed the amounts which we should have been assessed for the years 1906 to 1911 inclusive, on the basis of the acreage in these respective lots as determined for our tax

list for 1912, at our session with the Woodstock selectmen last April.

This shows that we paid \$485.44 taxes assessed against us by the selectmen of Woodstock on land that is not in said town. I understand that you wish to make this an offset against a claim which the selectmen of said town have made against us for damages in regard to the road on the east side of the river, and I will take the matter up with Mr. Fitts upon his return, as you requested. You can keep this copy for your files.

Yours very truly,

W. D. BAKER.

WOODSTOCK TAXES.

Lots 17, 18, 19, 20 and 21 in the first range were cut off when the line between Thornton and Peeling, now Woodstock, was established in 1800 so that there remained in tead of one hundred acres per lot, about twenty acres in No. 17, seventeen acres in No. 18, fourteen acres in No. 19, eleven acres in No. 20, and twelve acres in No. 21. These lots were taxed to us in 1906 as under

No. 17,	10 acres,	\$50.00 value,	\$1.05 tax,	
" 18,	10 "	50.00 "	1.05 "	
" 19,	10 "	50.00 "	1.05 "	
" 20,	20 "	100.00 "	2.10 "	
" 21,	10 "	50.00 "	1.05 "	
				\$ 6 30

They were taxed in 1907 as under

No. 17,	100 acres,	\$800.00 value,	\$22.40 tax,	
" 18,	100 "	800.00 "	22.40 "	
" 19,	100 "	800.00 "	22.40 "	
" 20,	100 "	800.00 "	22.40 "	
" 21,	100 "	800.00 "	22.40 "	
				112 00

They were taxed in 1908 as under

No. 17,	100 acres,	\$800.00	value,	\$21.60	tax,	
" 18,	100 "	800.00	"	21.60	"

					<hr/> 16 92

Total taxes we ought to pay, \$91 46

Which deducted from what we did pay, viz., \$576.90, leaves a balance which we paid over and above what was actually due of \$485.44, which the town of Woodstock has collected from us for taxes assessed on land that is in the town of Thornton and which we do not own.

STATE ROAD.

The funds available for the purpose of completing the state road and the maintenance of that part of the road previously built, the same being a joint fund of the state and town amounted to \$4,193.19. The work was completed within bounds, the same being done for \$4,068.92, or \$124.27 less than the fund available.

The iron piping used for railing was not paid for out of the joint fund but by the town; the reason for this was because the work on the Glover Brook bridge out of the joint fund amounted to nearly the same figures as the piping cost, and as the state does not aid in constructing bridges over ten feet in length, the work was offset against the cost of the piping.

We have no comment to make on the work done on the state road only to say that according to information given us by the State Highway Department no town in the state has seven miles of state road that cost less than ours. This is due in a measure to the fact that Woodstock is endowed with good building material all along the line, and a large measure to the happy fact that all Woodstock people are deeply interested in good roads, and instead of trying to menace the work they all give liberal encouragement, which means very much in any venture where improvement is needed.

The state will undoubtedly contribute at the ratio of 4 to 1 in the up-keep of the road.

We herewith submit a statement of the joint fund expended in completing the state road through Woodstock.

Having examined the foregoing account, we find it correctly cast and properly vouched.

J. C. MUCHMORE, }
I. E. HANSON, } Auditors.

AUDITORS' REPORT.

The accounts of the Road Agents show the following amounts due the town:

W. E. Merrill,	\$ 23 91
Cyrus Brown,	30 99
	<hr/>
	\$54 90

Which should be added to the assets Feb. 15, 1913, and taken into account in reckoning the assets over liabilities, decrease in liabilities, decrease of cash debt, and net debt of town Feb. 15, 1913. With the exception of above, we find the account correctly cast and properly vouched, and that it agrees with the town treasurer's book.

J. C. MUCHMORE, }
I. E. HANSON, } Auditors.

W. L. E. HUNT, Treasurer.

Having examined the foregoing account, we find it correctly cast and properly vouched.

J. C. MUCHMORE, }
I. E. HANSON, } Auditors.

REPORT OF SCHOOL BOARD.

In submitting to you an annual report for the current year, it would be well to mention that it has been our aim to see that every child has attended school regularly; we have failed in a few cases, but have made marked success in that line, which is necessary in order to keep up the high standard of our schools. This is not a pleasant duty for your school board to perform, but, in order to maintain good schools, and draw state aid, it is a work that must be looked after; not alone that, but is an obligation that each member of your school board takes upon themselves when they assume the office:—to see that the school laws are enforced; and the law is that every child shall attend school every day that the school is in session. It does not say to attend three or four days in a week, but implicitly states, every day; we hope that the parents will think of this, and try to make the task lighter for the incoming Board.

We see, by the number of visitors at the schools, compared with the past years, that the people are growing to show more interest in their schools; this is a stride in the right direction. It is very interesting to watch children as they enter upon their schooling, work up grade by grade, and are turned out young men and women better fitted to fill the vocations in life that are meted out to them.

We have arranged, and are giving one hour a week to teaching sewing in our schools, which is done largely in other schools in the state; this work is volunteered, and is carried out by the Quest Club, and is greatly appreciated by the Board.

It has also been our aim to engage competent teachers, of ability and character, so that they will be an example to the child in and out of the school-room, that the child's work may be made light and easy, instead of dark and burdensome; this we think we have succeeded in doing, in a large measure.

We have added sanitary drinking fountains, called for by the law enacted by your last legislature ; we have also added two new lines, and up to date sets of books, exchanging the old for the new ; we have also made improvements on fences and grounds at the center schools, which adds much to the outward appearance.

Something has been said concerning the expense of maintaining your High School. Let us stop and figure it together :—we maintain that it is one of the best investments that our town has, not only in providing an education for our boys and girls, but as a financial investment. We had registered, this year, thirty-three students ; this is more than was figured on when the school house was built, as a thirty seat room, only, was planned ; this part, at least, must be encouraging. If you had to pay the tuition, at forty dollars each, for your thirty-three students, it would cost the town \$1,320.00 ; your teachers cost you about \$1,200.00 ; that leaves you \$120.00, not mentioning the state aid moneys that we received. This shows that it is over a ten per cent. investment. What other investment have you that pays that amount ? But that is a small part :—you are educating your boys and girls, a great number of whom (possibly one-half) would not have the privilege of obtaining a High School education were this school not maintained.

So we say : Let the good work go on ; build up and improve them ; look carefully after them, so that they will be as an emblem of a monument in years to come.

Respectfully submitted,

J. A. MOORE,	}	School Board.
M. E. BAGLEY,		
E. L. PUTNAM,		

Notice received from the Board of Public Instruction states that, in order to obtain state aid, it becomes necessary for the District to raise the sum of \$3,099.00 ; we suggest

that the sum of \$3,100.00 be raised for schools; \$250.00 for books and supplies; \$17.00 for flags and fixtures; \$150.00 for treasurer's, truant officer's, and school board officers' salaries.

We would briefly state, that at the last school meeting the \$250.00 was not raised for books and supplies, which should have been done, as the money raised for schools cannot be used for other purposes; also \$128.00 for insurance on school buildings; through the courtesy of the selectmen these amounts have been paid over to the District, and your schools stand free and clear from all indebtedness.

THE SCHOOL BOARD.
